The Board Members conducted the annual self-assessment of the Board.

**President’s Evaluation**

**EXECUTIVE SESSION**

At 11:40 am a motion was made by Dr. Marie Peoples and seconded by Mr. Patrick Hurley to enter into Executive Session pursuant to A.R.S. § 38-431.03(A)(1) for discussion of the President’s annual performance evaluation and compensation.

**RECONVENED IN OPEN SESSION**

Dr. Marie Peoples motioned to reconvene in open session, and Mr. Patrick Hurley seconded the motion. The meeting resumed in open session at 1:19 pm.

Dr. Marie Peoples made a motion that the Board increases the President’s base salary by 4%. Mr. Patrick Hurley seconded the motion, and it was unanimously approved (Ms. Garcia, Mr. Hurley, Dr. Peoples, Mr. Smith, and Dr. White voting in favor.)

The Board also discussed making a one-time adjustment to the time period for the President’s evaluation to allow additional time for the Board to complete the President’s evaluation over the next year. The evaluation period will cover September 1, 2019, to August 31, 2020.

Dr. Marie Peoples made a motion that the Board changes the President’s evaluation period to September 1, 2019, to August 31, 2020. Mr. Patrick Hurley seconded the motion, and it was unanimously approved (Ms. Garcia, Mr. Hurley, Dr. Peoples, Mr. Smith, and Dr. White voting in favor.)

Dr. Marie Peoples made a second motion related to the President’s compensation and moved that the 4% salary increase be retroactive to July 1, 2019. Dr. Narcisa Polonio will work with Ms. Patricia Garcia to create an evaluation letter for the President to summarize the evaluation process for the year. Dr. Polonio will also create a brief summary report on the Board self-assessment.

The Board would also like to modify the evaluation instrument for the President. The goal of the changes would be to simplify the instrument, eliminate duplication, change the rating scale back
to a five-point scale, and separate the President’s self-evaluation into a separate document. The Board would like to see this item on the September Work Session agenda.

**Strategic Planning**

The Board requested that every action item that comes before the board include information on the financial implications and any relevant history about that item, especially for those that relate to programs. The Board would also like to see how items fit in with the strategic plan.

The Board discussed strategic planning; the role a strategic plan takes in the accreditation process; the Board’s role in developing and monitoring the implementation of the strategic plan; and connecting the College budget to the priorities outlined in the strategic plan. The College has completed the first step of the strategic planning process, which included a review of the mission, vision, core values, and purpose of the College.

The Board also discussed a different format for the next strategic plan and would like to see something that is less an operational plan and more a document that is aspirational and gives broad direction to the College.

The College has received feedback from the various groups the College serves, and that feedback was presented to the Board at a round table discussion in June. The proposed mission and vision document presented at the meeting were based on that feedback.

The Board discussed various versions and wordsmithing suggestions on the vision and mission and directed the President to take these suggestions and develop new drafts of these items to bring back to the Board for approval at the August meeting.

Dr. Colleen Smith reviewed several handouts related to the creation of the strategic plan. For additional details on these items, please see the August 1-2, 2019 documents file. Dr. Smith asked for feedback from the Board. She also mentioned that once these items are approved by the Board, they will be used by the College to build the new strategic plan.

The Board stressed the importance of taking a different approach with the next strategic plan. The College is not able to continue as it is and remain financially sustainable. The Board would like the next strategic plan to be transformative for the College and move the College towards becoming financially sustainable. The Board would also like to consider the idea of an override or ballot initiative for a permanent tax increase in 2022.

Dr. Marie Peoples left the meeting, but a quorum was maintained so the meeting could continue.

**Goals for Next Year**

The District Governing Board set the major goal for the next year as moving the College forward to a financially sustainable model. The Board reviewed its goals and priorities and requested the following changes for 2019-2020.

Board Goals

- Remove the item related to policy and procedure review and consider it an ongoing commitment.
• Change the item related to the College’s planning process to the College’s strategic plan.
• Move the goal related to financial sustainability to the number one spot.

The Board’s Priorities for the College

• The item related to funding opportunities and the long-term financial future of the College is the number one priority. The Board also gave direction that the President can reallocate resources to help accomplish this (i.e., hiring a grant writer).
• Keep the item related to workforce and economic development.
• Keep the item related to diversity and change the verbiage to focus on action and expansion of the diversity plan
• Continue the item related to direct connections with elected officials at the federal, state, county, and city levels and develop a legislative agenda.

As part of this discussion, the Board also gave direction that the President can attend any fundraising event they would like to but cannot make personal contributions for political candidates.

The Board asked that the following items be considered continuing commitments:

• Continue policy and procedure review
• Build community engagement with an emphasis on partnerships and volunteerism.
• Develop a community volunteer program.

Mr. Patrick Hurley made a motion to adjourn the meeting at 5:40 pm. The motion was seconded by Dr. Nat White and unanimously approved (Ms. Garcia, Mr. Hurley, Mr. Smith, and Mr. White voting in favor).
