

Microsoft Office 365 with ProPlus (**free downloads of MS Office to your home computers**) is now available to employees. With this you will be able to self-register for Office 365, as well as download Microsoft Office 2016 on up to 5 personal devices for free.

If you wish to participate please go to Microsoft and self-register on the [Office 365 registration page](#) with your CCC employee email. Once you are registered you will get an email from Microsoft with a link to allow you to login to your Office 365 portal. **Note this is only available for employees at this time.** Student access will be provided at a later date.

For instructions on how to create an account and download Office 2016, visit our [instructions page on the CCC website](#).
