Completion of the Transcontinental Railroad: The People Who Built It A 150 Year Celebration

Tuesday, October 22, 2019 | 6:30 PM
Coconino Community College - Page | Rm A1

In 1869 the first Transcontinental Railroad was completed and the Golden Spike driven into the ties at Promontory, Utah. The ceremony capped an engineering feat unparalleled, at that time, in American History.

This Ed Talk will focus on the people who worked on this railroad. Join us as we explore a day to day lives of people who worked to unify the nation with two parallel rails of steel.
